Terms and Conditions apply. The MTN Business 5G FWA promotion will be available 04/03/2025 – 07/12/2025. To qualify for the 5G promotion, the customer's permanent physical address must be within the fixed 5G coverage area, which can be checked on the MTN coverage map. The 5G bonus data (100GB or 300GB) will be loaded on the first of each month for a maximum period of 12 months, which will be depleted first and will not carry over. **5G speeds are based on a best-effort service. The 5G bonus data will only work within the 5G network coverage area and will be depleted (used) on the 5G network. Access and connectivity to the network through the router are limited to the customer's physical address and geographic location ("geo-locked") provided during the coverage and capacity check.***A Fair Usage Policy (FUP) applies. Once the FUP limit has been reached, speeds will be reduced to 512Kbps. For full Terms and Conditions, visit mtnbusiness.co.za. E&OE.

Terms and Conditions apply. *A Fair Usage Limit is set per price plan, whereafter the speed is reduced until month end. The service remains uncapped. Please refer to our website for more details. Offers available while stock lasts. 5G FWA propositions will be available in certain areas where 5G FWA network coverage is available. A coverage check will be done on the MTN coverage map to determine if the customer's address falls within MTN's 5G FWA range. The service will not be available and supported if the customer's address falls outside the MTN 5G FWA range. Customers can only use the service at the address that they provided during order capture. The SIM can only be used with a router that has been approved by MTN. Customers can check the list of MTN-approved routers on the product page. The service will always run on 5G technology, ensuring consistent performance, with no fall-back to LTE technology. For full Terms and Conditions on all products and promotions, visit mtnbusiness.co.za. E&OE.
